

Access your Math Textbook Online

How do students log in to access Online Edition Content?

User Name: _____

Password: _____

Your teacher will provide you with a User Name and Password. Now that you have that information, you can log in now at <http://my.hrw.com>.

After you have acquired a User Name and Password, follow these simple login directions to access your personalized Holt Online Learning home page:

Go to The Holt Online Learning Web site at <http://my.hrw.com>

Type your User Name and Password.

Click the Log In button. Your personalized Holt Online Learning home page displays with a list of your programs.

Welcome to Holt McDougal Online!

A diagram showing two book covers: 'Holt Algebra 1' and 'Holt Mathematics Course 1'. Red arrows point from the Algebra 1 book to a box containing two links: 'Go to the Online Textbook' and 'Chapter 0 Exam View Bank'. Another red arrow points from this box to the 'Holt Mathematics Course 1' book. A second red arrow points from the same box to a link labeled 'Go to the Online Textbook'.

Your text site will open and you'll have more options to select chapter and lesson. Notice additional tabs give you more options such as additional practice, video tutorials and interactive activities! Explore and learn!

Holt Mathematics Course 1

Select a chapter Select a lesson or feature **Go!**

Book Pages Additional Practice Videos & Activities Teacher Resources

Notice additional tabs for more features!

Then click GO

How to Get Started

Step 1. Select a chapter and a lesson or feature.

Step 2. Select a tab to view content related to that chapter and lesson/feature.

1 Select a chapter Select a lesson or feature

2 Book Pages Additional Practice Videos & Activities

A screenshot of the Holt Mathematics Course 1 online interface. At the top, there are navigation links for 'Home' and 'Help'. Below that is the title 'Holt Mathematics Course 1' and two dropdown menus: 'Select a chapter' and 'Select a lesson or feature', followed by a red 'Go!' button. Below the dropdowns are four tabs: 'Book Pages', 'Additional Practice', 'Videos & Activities', and 'Teacher Resources'. A red box highlights these tabs with the text 'Notice additional tabs for more features!'. Another red box highlights the 'Go!' button with the text 'Then click GO'. On the right side, there is a 'How to Get Started' section with two steps: 'Step 1. Select a chapter and a lesson or feature.' and 'Step 2. Select a tab to view content related to that chapter and lesson/feature.' Below this, there is a small diagram showing the dropdown menus and tabs, with numbered arrows pointing to them.
